Co-Curricular Activities Booklet

Term 1, 2022-2023

Co-Curricular Activities (CCAs) are an integral part of the education offered at BIS HCMC and provide our students with a broad range of learning opportunities which positively impact many facets of their development, including academic progress. The diverse co-curricular programme is designed to enhance the core curriculum and provide opportunities for students to broaden their interests and perspectives of the world as they develop a range of skills including social, emotional, leadership, independence, collaboration, moral reasoning, decision making, problem solving, and critical thinking.

There is an extensive range of CCAs on offer with over one hundred different activities to choose from each week at the BIS Secondary Campus. Whether you enjoy art, music, drama, sport, languages, solving mathematical or scientific problems, helping disadvantaged groups or just wanting to try something new, there should be a club available for you.

The aims of our Co-Curricular activities (CCAs) at BIS, HCMC are:

- To provide a wide range of enjoyable and challenging experiences above and beyond the timetabled curriculum
- To allow competitive teams, drama companies and music ensembles to reach high standards of team/group and personal performance
- To provide opportunities for students to aspire to elements of the school's mission statement
- To continue to develop our involvement in community work
- To offer a balance of endeavour which provides the framework for the IBDP CAS Programme

CAS at BIS

Creativity, Activity and Service are woven throughout the Co-Curricular Activities. Originating from the International Baccalaureate Programme they set out to challenge our students to show initiative and perseverance as well as to develop skills such as collaboration, problem solving and decision making. For a balanced experience, we encourage students to take part in at least one of each of the three areas below:

- **Creativity:** The arts, music, languages and other experiences that involve creative thinking.
- **Activity:** Physical exertion contributing to a healthy lifestyle.
- **Service:** Any collaborative and reciprocal community engagement in response to an authentic need.

Sports Information

BIS HCMC is delighted to welcome back competitive sporting competitions this year both locally and internationally. We will be competing in the highest tiers of sport in the SISAC (Saigon) and FOBISIA (Asia) tournaments, as well as a host of invitational tournaments at home and abroad. Therefore, to prepare our students for performing at the highest level, we will be running sport in the following pathways:

- Student led sports leadership CCAs
- Recreational sporting CCAs
- Selective sporting squad CCAs
- Paid third party sporting CCAs

The PE department looks forward to seeing the BIS Sports Stars of the future getting back to their winning ways this term!

Selection for Sports teams:

If the number of students for any sports activity is greater than the maximum capacity, students will undergo a trial and be notified of this during their first session. This means a student could initially be accepted for the CCA and removed after the trial.

For students not accepted following the trials, the PE department will endeavour to run a parallel recreational club during the same session for the same age group. Therefore, if a student has a poor trial or significantly improves their skill level, then the squad coach will be able to assess the student and potentially accept them into the squad at a later time.

Please note, as competitive Sport runs as seasons and not terms (Sep - Nov, Nov - Feb, Feb - May and May-June), some clubs that start in September will stop in November, whilst others will start in November and run into Term 2.

Music

For any students interested in signing up for the Chamber Choir, Orchestra (previously called Chamber Orchestra) and Concert Band should sign up for an audition on the Auditions Google Classroom page code: **n56sguf**

Auditions will be held week commencing 22 August in room 202 (warm up in 212) during lunchtimes and after school. Prepare a short unaccompanied excerpt of a song or instrumental piece to perform.

Drama

For those students who would like to be involved in the School Show, please sign up directly with the Drama Department once auditions have been announced.

There are a number of paid activities that students can sign up for which are provided by external individuals and organisations. Kindly note that these are subject to change in accordance with health and safety regulations.

All of the information regarding these is detailed in the online activities booklet. If a student has selected a paid activity, an email confirming their choice will be sent to both the student and their parents.

The payment deadline for all clubs is **Friday 9th September 2022**

CCA Selection – using SchoolsBuddy online

Activities need to be selected using the online SchoolsBuddy system. Please see the next page for further instructions.

You will be able to see updates and changes to your approved activities through your online SchoolsBuddy homepage. Both the student and their parents will also receive notification when accepted for participation in a CCA.

For the majority of CCAs, the online system (SchoolsBuddy) will randomly allocate students to each CCA. As it is not a first come first served system, you may not always get your first choice activity.

Wishing you all a wonderful first term.

Making After School Club Selections (CCAs)

1. Click the 'Activities & Clubs' tab, or click on an Available signups container.

- Depending on the activities, clubs and care your school provides, you may see just one or multiple boxes similar to the one below. They should be clearly labelled so you can see what is available to you. Click the 'choose' button.

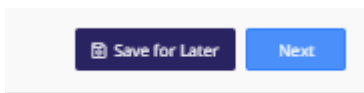

- From there, the clubs that are available will be shown by day of the week.
- Click the day of the week to expand the section.
- Select your preferences for each club for the desired day of the week.

In the example below, Bobby Smith has selected Creative Coding Club on a Wednesday as their first choice, but, in case there are not enough spaces, Bobby has selected Music Technology Club as a second preference. Bobby is trying to ensure that they have a club on a Wednesday but show the school that they would prefer to do Creative Coding.

It is fine to leave some clubs without any preference selections, the tick will remain in the N/A box to show that you do not wish to select this club.

The screenshot shows a user interface for selecting school activities. At the top, there are tabs for days of the week: Monday (2 Available), Tuesday (2 Available), Wednesday (2 Available), Thursday (2 Available), and Friday (2 Available). The Wednesday tab is highlighted in yellow and has a blue circle with the number '4' next to it. Below the tabs, there are two activity cards. The first card is for 'Creative Coding Club' by N. Nguyen, with a time slot of 16:30-17:10, free cost, and location 'Secondary - Sports Court'. It has a blue circle with the number '3' next to it. The second card is for 'Music Technology Club' by T. Brownrigg, with a time slot of 14:40-15:40, free cost, and 3 participants. Below each card is a grid of checkboxes for days of the week (1-5) and 'N/A'. In the Creative Coding Club grid, the checkbox for day 1 is checked with a yellow checkmark, and a blue circle with the number '5' is next to it. In the Music Technology Club grid, the checkbox for day 2 is checked with a yellow checkmark.

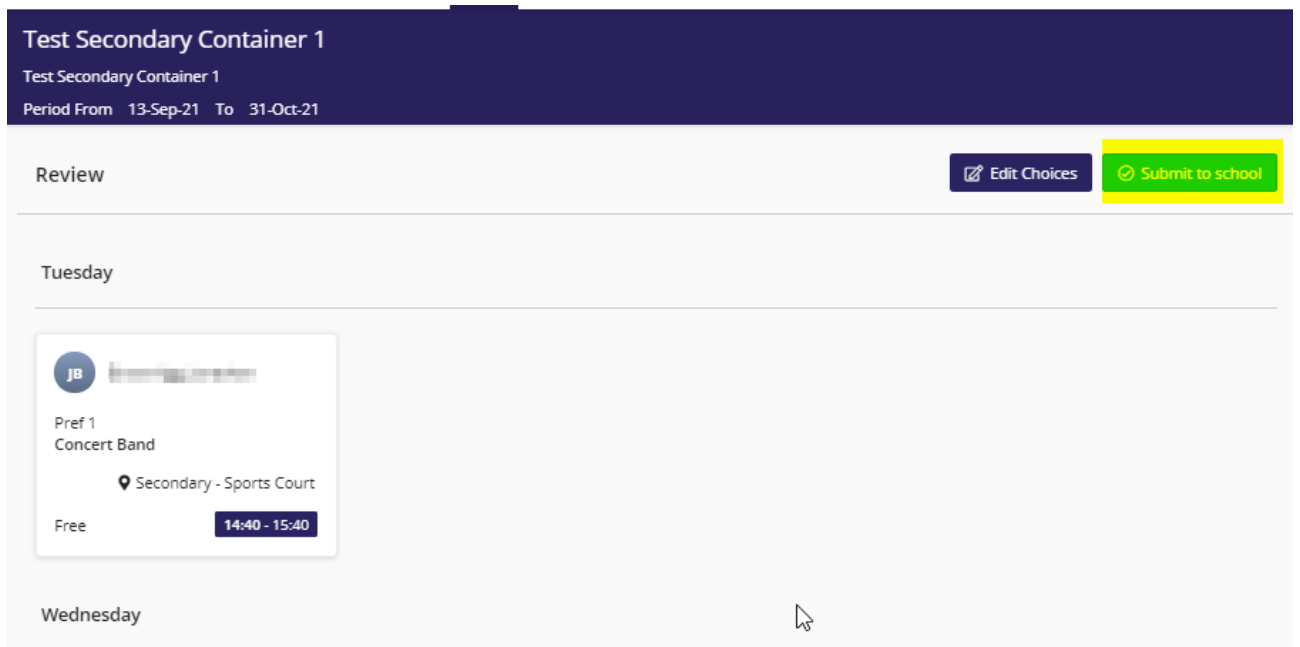

- When you have made selections for each of the days you would like, click the blue 'Next' button which can be found at the top right of the screen. Alternatively, you can also click 'Save for Later' and complete it later.

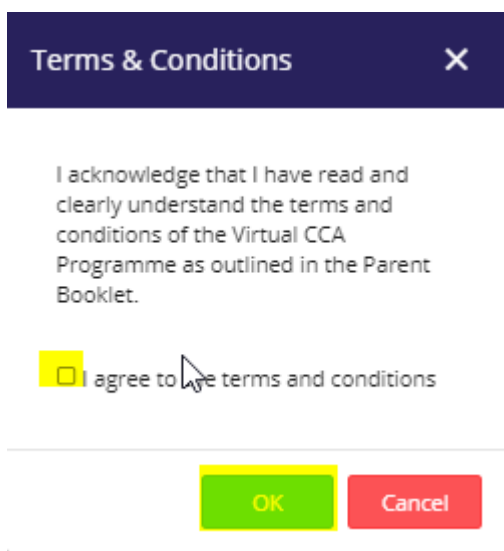

If you save for later, when you return to the Activities & Clubs tab, click the Review/Send button to complete your selections and send them to the school.

This image shows a card for an activity. At the top, it says 'Available to book' in green, followed by 'Sign up closes Sun 12 Sep 21'. Below that is the title 'Test Secondary Container 1' and a subtitle 'Test Secondary Container 1'. There is a profile picture of 'JB' and a blue circle with the number '3'. At the bottom, there are two buttons: a white button with a checkmark icon and the text 'Choose', and a yellow button with a circular arrow icon and the text 'Review / Send'.

- You can click 'Edit Choices' to make changes if needed. When you are happy with your choices click 'Submit to school'.

8. Agree to the terms and conditions of the after-school clubs and your preferences will be sent to your School.

Unlike a game of make-believe, D&D gives structure to the ideas, a way of determining the consequences of actions and a set of rules to follow. The game is played by a group of players who take on the role of characters in a fantasy world. Each player creates an adventurer (also called a character) and teams up with other adventurers (played by friends). Working together, the group might explore a dark dungeon, a cursed city, a haunted castle, a hot temple deep in a jungle, or a snow-filled cavern beneath a mysterious mountain. The adventurers can solve puzzles, talk with other characters, battle fantastic monsters, and discover fabulous magic items and other treasure.
