

Compass International School Doha

Referral Discount – Terms & Conditions

1. Eligibility

- The referral discount is available to current parents/guardians of the school ("Referring Parent").
- The referred family ("Referred Parent") must be new to the school and not previously registered, enrolled, or waitlisted.

2. Successful Referral Definition

- A referral is considered successful only when the referred student:
 - Completes the admission process, and
 - Pays the full registration/enrolment fee, and
 - Commences attendance at the school.

3. Discount Value & Application

- The referral discount of 4% will be applied as a fee credit to the Referring Parent's account.
- The 4% discount will be applied to tuition fees only, starting with the youngest child and then the eldest. The discount is non-transferable and cannot be redeemed for cash.
- Corporate families (*whose fees are directly invoiced to the companies*) are not eligible for referral discounts unless the discount is permitted to be reflected on the invoices. The discount is non-transferable and cannot be redeemed for cash.

4. Timing of Discount

- The referral discount will be applied once the referred student has commenced attendance at the school. The 4% referral discount will be valid for a maximum period of three years or for the duration of the referred student's enrolment, whichever occurs first.

5. Limitations

- A 4% referral discount applies to students within the referring family for each new student successfully enrolled through a referral.
- Newly enrolled siblings from the same existing family are not eligible for the referral programme.

6. Fee Status Requirement

- The Referring Parent's fee account must be fully up to date at the time the discount is applied. Any outstanding balances may delay or void the discount.

7. **Withdrawal or Non-Continuation**

- If the referred student withdraws, the referral discount will not be applied from the date of withdrawal.

8. **Verification & Approval**

- All referrals are subject to verification by the school.
- To be eligible for the referral discount, the referring parent's or student's details must be submitted at the first instance when the new (referred) family submits their application.
- The school's decision regarding eligibility and approval of referral discounts is final.

9. **Amendments & Withdrawal of Scheme**

- The school reserves the right to amend, suspend, or withdraw the referral discount scheme at any time without prior notice.
