Located in the heart of Europe

Founded in *1960* by two Swiss educators:
Francis and Inge Clivaz

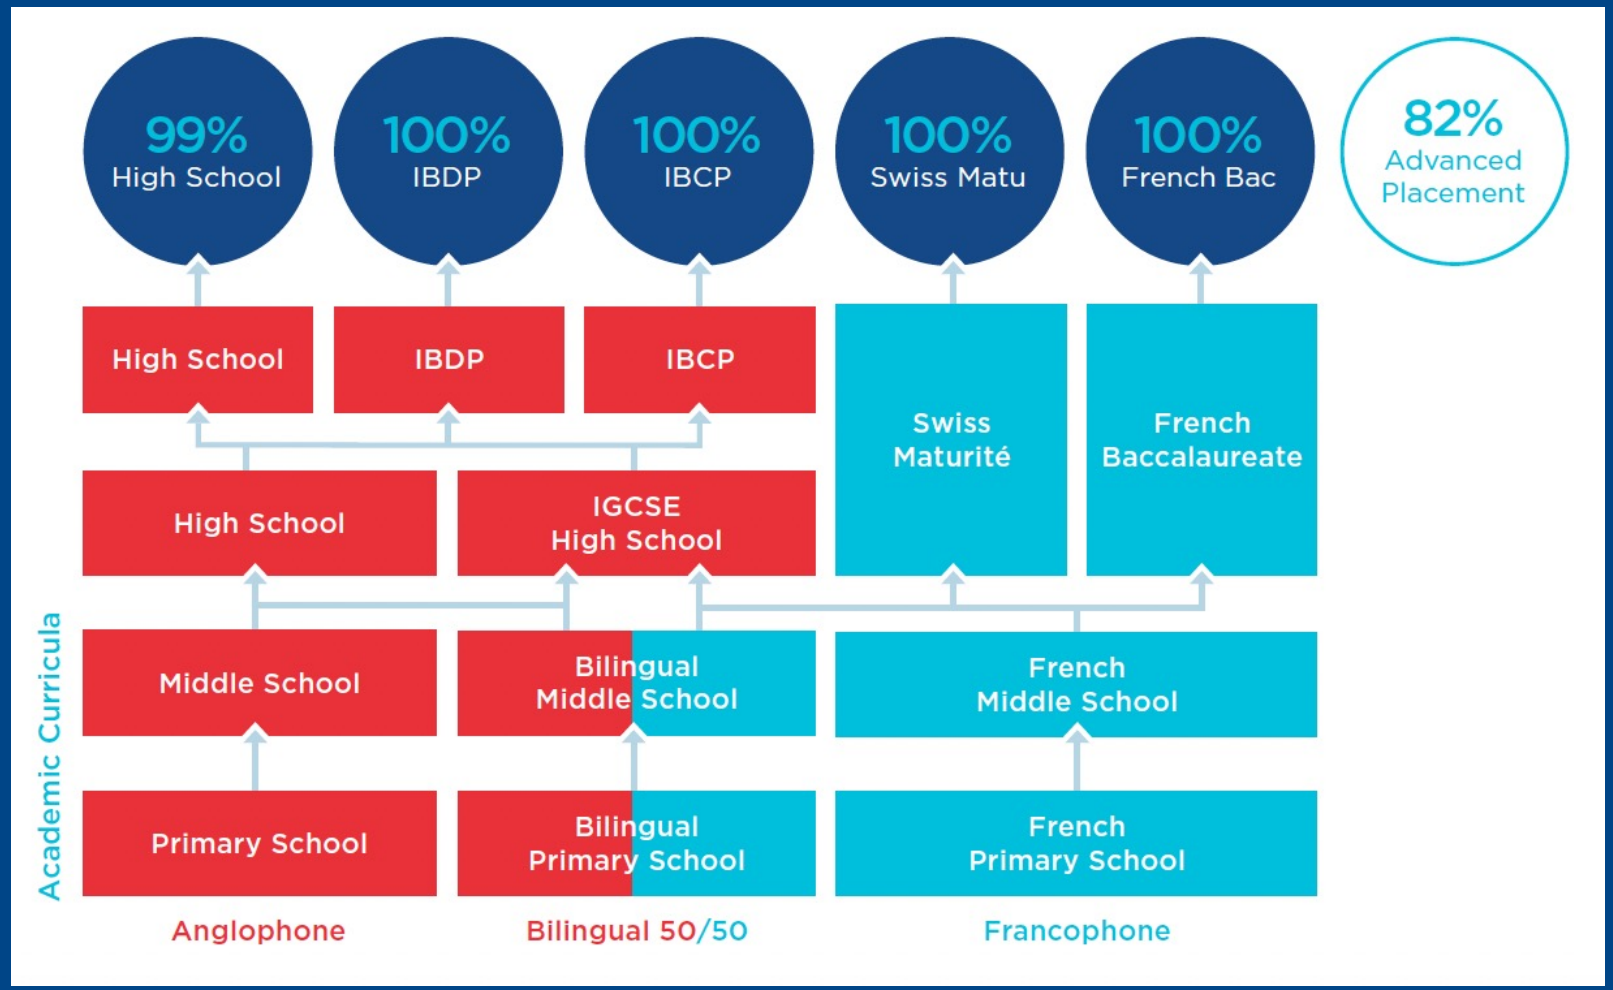

Francis Clivaz' ***founding vision***:

"To educate and teach in a spirit of openness and tolerance so that our students become citizens and leaders of a world respectful of differences"

Unmatched choice of pathways
Outstanding results

Outstanding language **EAL support** for students whose first language is not English

Confidence Speaks English

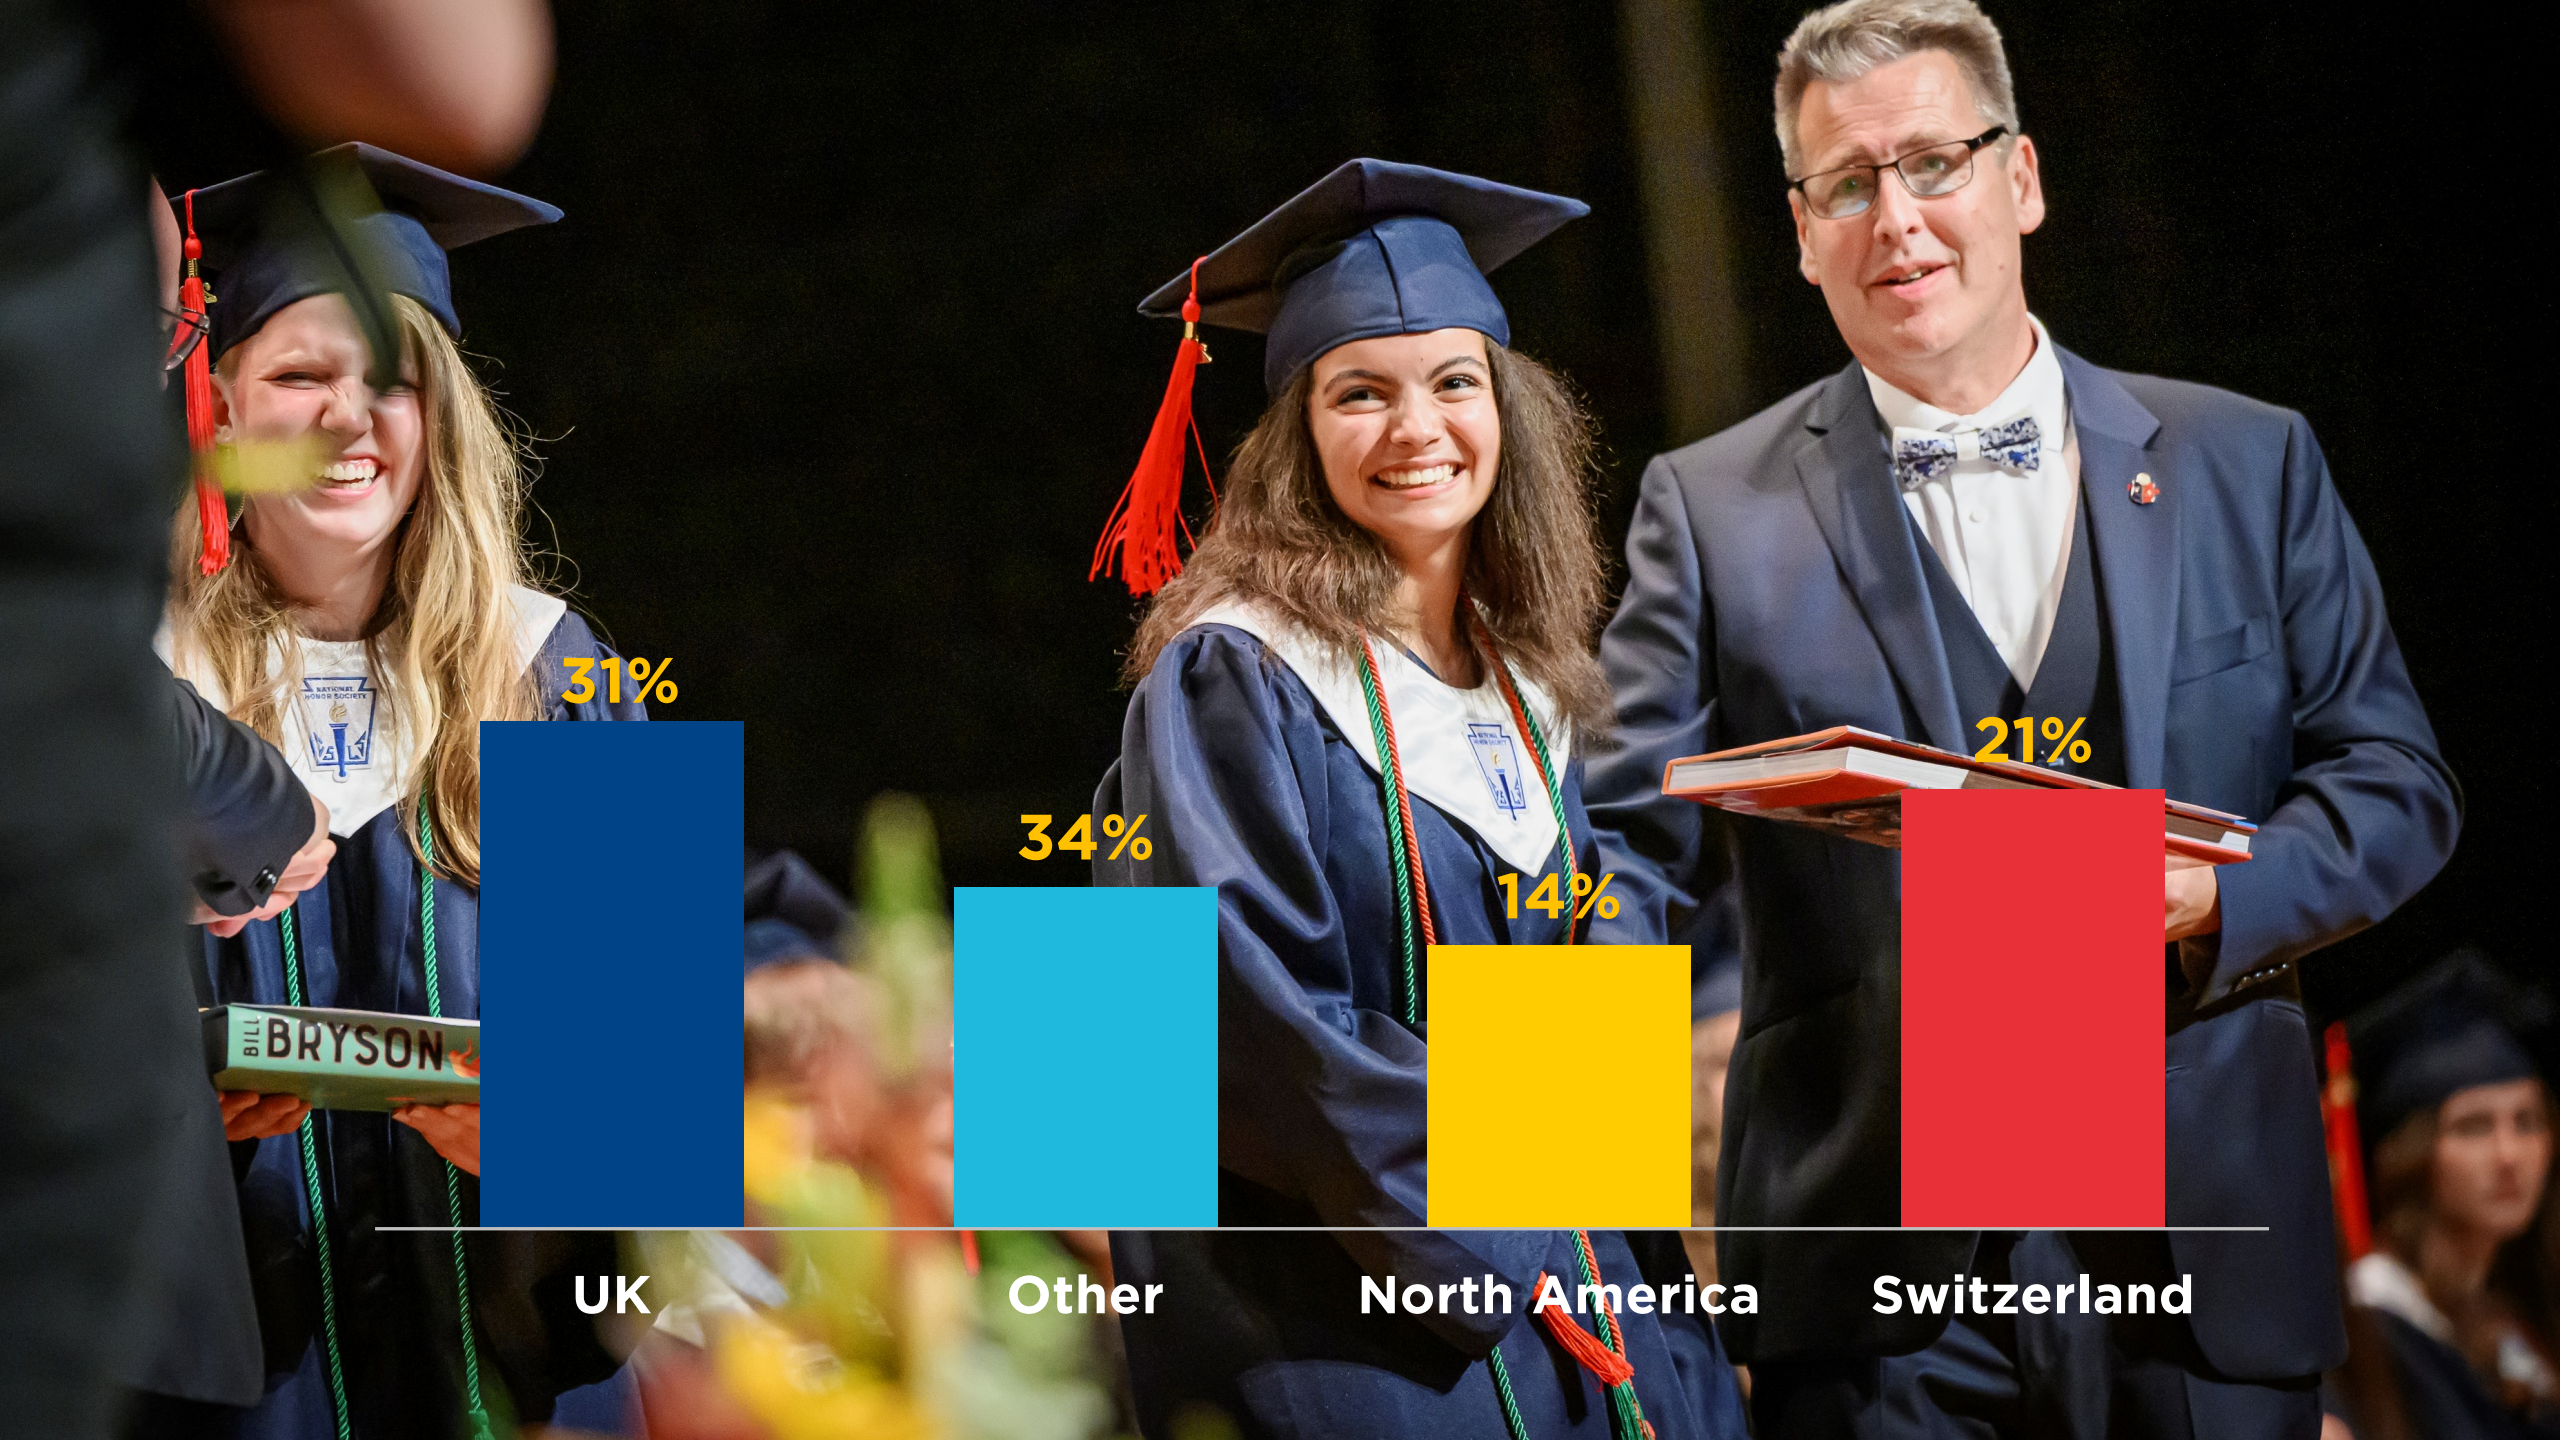

Our English as Additional Language (EAL) programme:

- 15 periods of English per week with expert multilingual teachers
- Small classes (5–8 students) for personalised attention
- Rapid progress supported by teachers who build strong relationships and boost confidence
- Language learned naturally across campus, through activities and friendships
- No simplification of learning: students are challenged and supported to excel
- Students gain belonging, confidence, and true global citizenship

> Students come here to learn English, but they leave ready to take on the world."
> *M. Ross – EAL Programme Leader*
