Expert university advising, all the way

From Grade 8, our dedicated advisors help students make informed subject choices that align with their future goals.

In the final two years, support includes:

- One-to-one advising
- Diploma and subject selection
- Application and essay coaching
- Interview preparation
- Global admissions strategy

“

The team at CDL helped us discover the best diploma for our daughter, not just academically, but also personally, for who she is. She found her voice here.

– Parent of a Class of 2025 graduate –

Pathways to world-leading futures

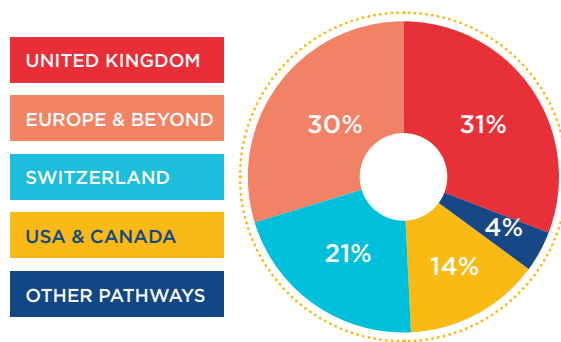

At Collège du Léman, every journey is intentional. Our internationally recognised diploma pathways inspire students to think globally — about the subjects they love, the countries that excite them, and the futures they want to create.

With personalised support and a focus on excellence, they achieve outstanding results and receive offers from world-leading universities in fields such as law, business, STEM, and design.

Where our graduates are heading

Our 2025 graduates' destinations showcase their global mindset and diverse ambitions.

IBDP

Globally respected, academically rigorous

The International Baccalaureate Diploma Programme is a rigorous two-year course recognised by leading universities around the world. Students take six subjects alongside the IB Core (Extended Essay, Theory of Knowledge, and CAS), developing critical thinking, research skills, and global awareness.

Who is it for?

Ideal for curious and motivated learners pursuing global university opportunities and strong academic growth within a structured, well-rounded programme.

IBCP

Connecting learning with real-world careers

The International Baccalaureate Career-related Programme blends the academic rigour of the IBDP with career-focused study in business and sustainability. In partnership with the Sustainability Management School (SUMAS), students specialise in either Hospitality, Fashion, Tourism, Finance, Entrepreneurship, or Nature Conservation, developing ethical awareness, practical skills, and leadership insight.

Who is it for?

Well suited to students eager to connect academic learning with real-world career paths in global industries.

American High School Diploma + APs

Flexible, broad, and university-focused

This programme combines a US high school curriculum with optional Advanced Placement (AP) courses for added academic challenge. It offers choice, creativity, and strong preparation for universities in North America, Europe, and beyond.

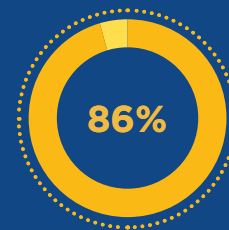

Who is it for?

A great match for independent, adaptable learners who value flexibility and want to shape their studies to fit their interests and future goals.

Swiss Maturité

Demanding, bilingual, and university-ready

The highly regarded Swiss Maturité Fédérale requires students to study 13 subjects at a high level. At CDL, History, Geography, and the *option complémentaire* are taught in English. It builds academic depth, multilingual fluency, and provides direct access to both Swiss and international universities.

Who is it for?

Designed for self-directed, ambitious students aiming to study in Switzerland or abroad, especially in law, medicine, or the humanities.
