CENTRE NUMBER:	56117

This policy is reviewed and updated annually to ensure that a lockdown during the conducting of examinations at Oxford International College Brighton is managed in accordance with current requirements and regulations.

In addition to this policy, a summary is provided to all centre staff of the information relating to a lockdown during the examination period using the framework of the Department for Education's Lockdown Template. Staff engaged directly with the conducting of examinations (e.g. exams officer, exams officer assistant, invigilators, facilitators of access arrangements, etc.) are instructed to refer to the full policy.

Definitions

For the purpose of this policy, the following definitions should be noted:

Lockdown

This is a protective measure implemented when there is a credible threat to the safety of candidates/students

and staff. During a lockdown, individuals are instructed to remain inside the building and seek shelter in a secure location, away from the source of danger.

The purpose of a lockdown is to minimise exposure to potential harm and ensure the safety and wellbeing of

everyone on site until the threat has been resolved or emergency services arrive.

Lockdown procedures may be activated in situations including:

- The presence of an unauthorised or suspicious individual on the grounds or within the building
- A violent, aggressive, or abusive parent/carer causing disruption
- A specific threat made against the centre or its occupants

All staff must be familiar with the centre's lockdown protocol and ensure candidates/students are guided calmly and efficiently to designated safe areas.

Communication with emergency services and internal coordination will be managed by the head of centre or designated safeguarding lead.

Invacuation

This is a safety measure used when there is a potential external threat in the surrounding area. While lockdowns are activated in response to immediate risks within or directly threatening the premises, invacuations are employed when it is safer for candidates/students, staff, and visitors to remain inside the building due to hazards outside.

Invacuation procedures are designed to ensure that all individuals are brought indoors promptly and remain inside until the external threat has passed or further guidance is provided by emergency services.

An invacuation may be applicable to exam candidates if they have left the exam room in the event of an emergency evacuation (for example, due to a fire alarm).

Examples of situations requiring invacuation include:

- The presence of loose or potentially dangerous animals on the grounds
- Environmental hazards such as gas leaks, smoke, or chemical pollution in the vicinity
- Nearby incidents (e.g. police activity or civil disturbance) that may pose a risk if individuals exit the building

Staff are expected to follow the invacuation protocol calmly and efficiently, ensuring that all candidates/students are accounted for and safely indoors. The head of centre or designated safeguarding lead will oversee communication and coordination during such events.

Purpose of the policy

This policy details the measures taken at Oxford International College Brighton in the event of a centre lockdown during the conducting of examinations.

Lockdown procedures have been determined by consulting ProtectUK, the Department for Education's guidance relating to School and college security and Martyn's Law.

Depending on the nature of the incident, a decision will be made to evacuate, invacuate (an inward evacuation) or use a protected space(s). However, this policy focuses specifically upon the actions, roles and responsibilities during an exams-related lockdown.
