

Dear Parents,

LITTLE CHEF has been the food service operator at BISB since 2019. Allow us to briefly introduce ourselves. While providing meals to other diners using our services, we have to follow the School Act and operating rules established for school dining facilities, so no children or pupils health are at risk and the dining culture is preserved.

LITTLE CHEF aims to promote a healthy, diverse and high-quality nutritious diet for your children, with a team of qualified professionals preparing, reviewing and putting together every menu.

A top-flight Slovak chef, Michal Rakica, is responsible for organising work, managing the kitchen staff team and for the quality of all food prepared, in compliance with food service rules. Junior Manager Michaela Bánovcová is responsible for the entire operation.

Providing high quality food for pupils and compliance with nutritional values are handled by a nutritionist and food motivators whose roles are to encourage children to eat, assist and oversee meals for your children, mainly those of lower ages. There are several new things we have prepared for your children which will contribute towards higher quality and value for money.

If you are interested in registering your child for morning snacks and/or lunch, please read the general information below carefully. If you have any questions about food services for your children, please do not hesitate to call our junior manager Michaela Bánovcová.
