

How to set preferences/choices for Co-Curricular Activities

Please see the instructions below to set your preferences.

1. Click 'Set Preferences'

2. Set your preferences for each activity by selecting the order in the drop-down box. Once you have selected your preferences, click 'Save'. You can set as many preferences as you like. The school might advise you as to what the minimum number of preferences to select should be.

Cycling	1	▼
Debating	3	▼
Junior Art club block 1	2	▼
Lego Club	5	▼
Remote Control Car Club	4	▼
Warhammer	Not set	▼

Save Preferences

NOTE:

- Any clubs where the preference is "Not set" will be set randomly to a value greater than the preferences they have already set.
- You do not need to set a preference for every club, but you must not leave gaps in the preferences selected. All numbers up to the highest preference you select must also be selected, i.e. if you set a club with a preference of "3", you must also set other clubs to "1" and "2".

Activity Club	Preference
Art Attack	Not set
Astronomy	Not set
Ballet	Not set
Card Making	Not set
Creative Writing Club	Not set
Debating	Not set
Junior Art club block 1	Not set

3. Please note that you do not have to set preferences for every activity. As long as you make one choice (by setting one preference), then SOCS will randomise the rest of your preferences. In this case, you will always be allocated into an activity.

Information for pupils that do not want to attend activities other than those they have selected as their preferences:

- If the school run an activities programme where you do not have to take part in an activity then you may notice that they have added an activity to cater for this. It is likely to be called something like "Going Home" or "No Activity".
- **Ensure you select this activity as your final choice if you do not wish to be randomly allocated to an activity.** If you do not add this as your final preference selection and you are unsuccessful in getting any of the activities you selected then then SOCS will randomise the rest of your preferences and you will be allocated into an activity within that category.

Once your preferences have been submitted, the school will inform you when you are able to log in to see what activities you have been accepted into.
