

# At a glance

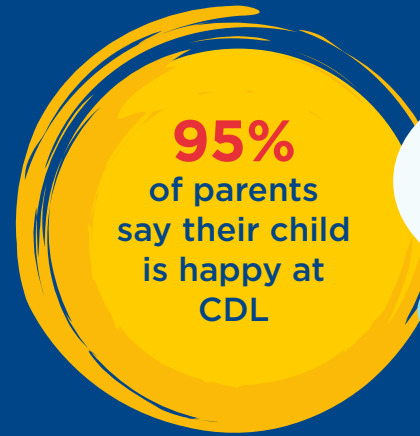

We help students find their place in the world, guiding them to love learning and achieve more than they ever thought possible.

Our diplomas, languages and extracurricular options are taught by the very best teachers from around the world and crafted into a personalised programme for every child.

Our **RISE** values (Respect, Internationalism, Spirit, Excellence) unite our community and help our students become compassionate global citizens.

As a Swiss international school, we set the highest standards in everything we do. We aim for outstanding results across our 5 diploma programmes for every single one of our students.

We welcome you and your children and look forward to helping them find their place in the world!

As part of the Nord Anglia Education family of 66 schools we have enriched curricula in collaboration with **The Juilliard School, MIT and UNICEF**
