

ISM BUS SERVICE

Our safe and reliable school bus services cover a range of locations across Moscow.

At ISM, our door-to-door bus service is on hand to collect your child in the morning and drop them off at home at the end of the day.

Collection times are scheduled so that your child arrives to our school campus by **8:15 am**.

Buses depart from ISM after the school day has finished. Pick up times are adjusted when students stay for After-School Activities.

The average journey time to and from school is between **45-50 minutes**.

All buses have two adults on board: the bus monitor and an expert driver.

Bus monitors, who are always contactable, ensure that children ride the buses safely, making sure that

seatbelts are correctly fastened, children are feeling comfortable, and attendance is taken on each journey.

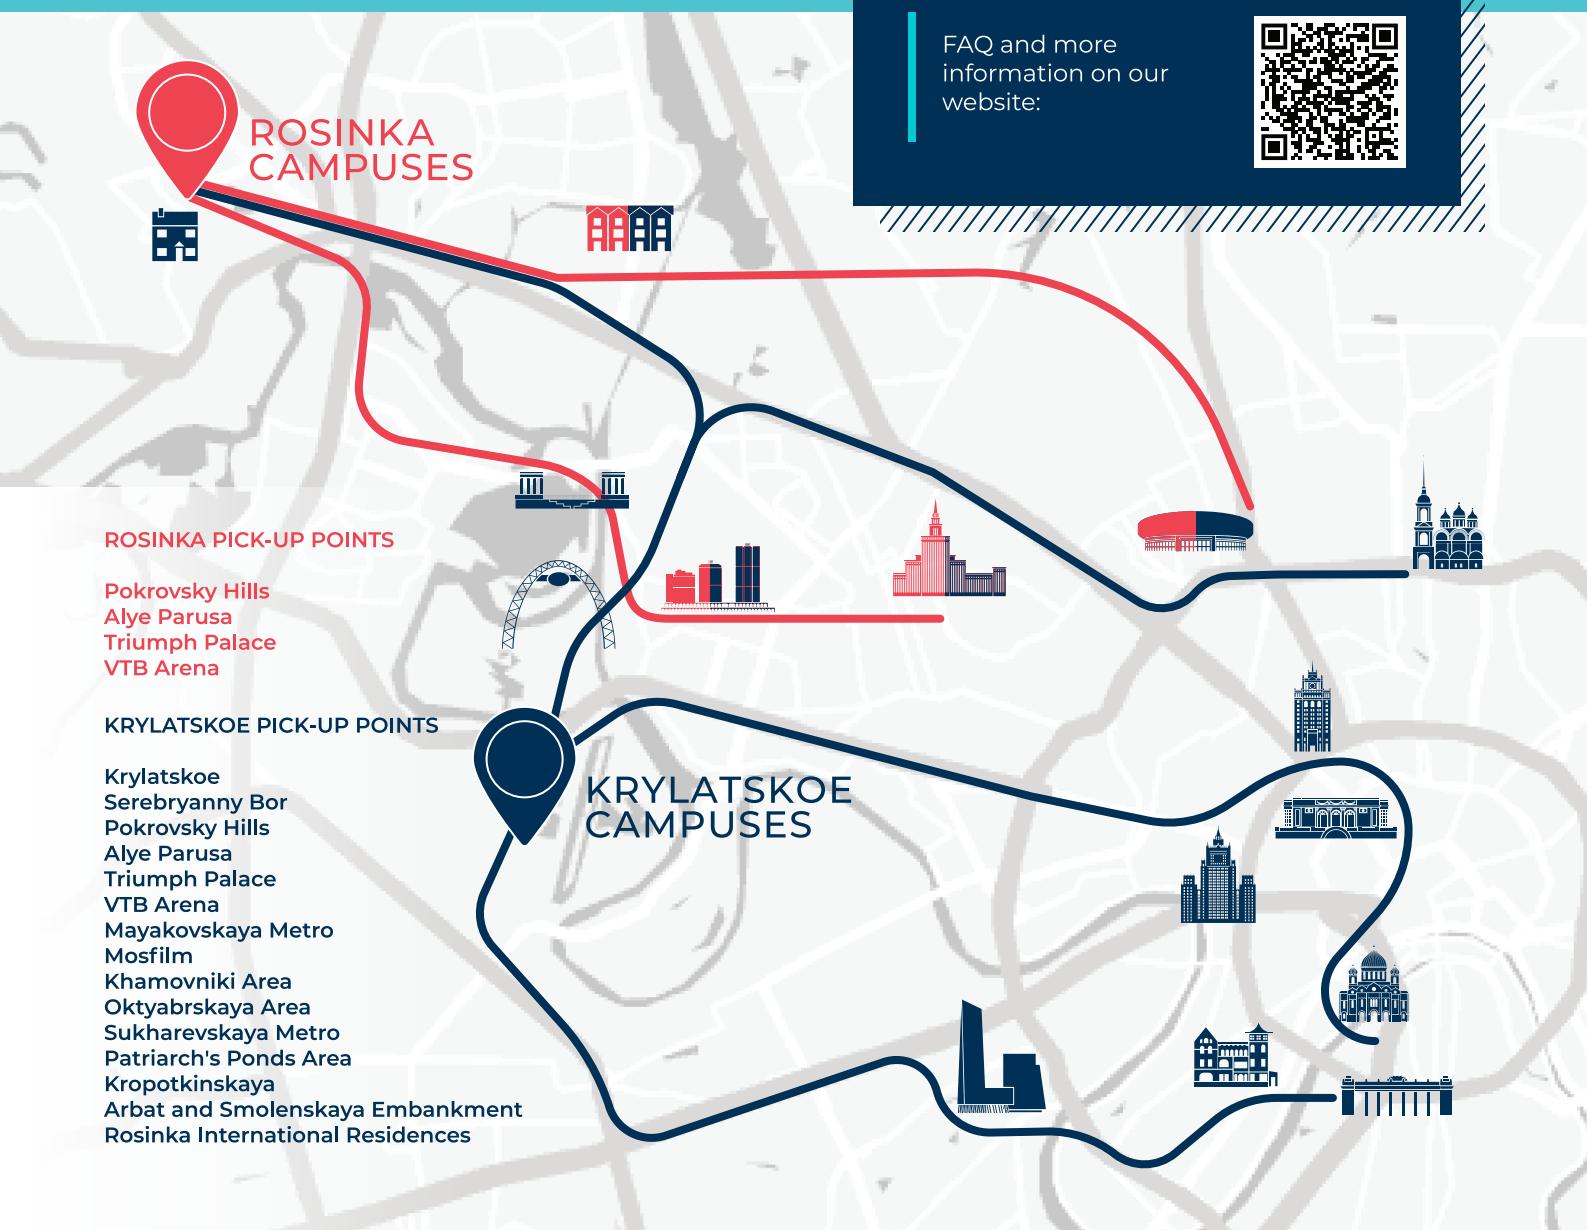

Drivers go through special training, so they are prepared in case of medical incidents.

Our usual buses are 18-seater Ford Transits, equipped with specialist heating systems, air-conditioning, and seatbelts. All buses undergo regular safety and maintenance checks to ensure they are kept in top condition.

Our vehicles are insured according to Russian law, and all drivers hold extra liability insurance.
