

RISE

WHAT'S ON THE

The Regents International Study and English (RISE) Programme has been specially designed for students aged from 14 to 17 who aim to:

- Gain access to the mainstream courses at Regents but who need to improve their English language skills first.
- Study the IB Diploma or A-Levels at a British boarding school in the UK or elsewhere, but who need to improve their English language skills first
- Try boarding school life close to home before committing to move to a school further afield, such as one in North America or the UK
- Spend a rewarding 1-, 2-, or 3-term period at a British international boarding school, improving their English, enriching their knowledge of a range of subjects and being introduced to wonderful Thailand.

CURRICULUM AREAS ANNOUNCED

With RISE due to launch in August 2014, we are pleased to announce the academic make-up of the programme.

Almost half of all lessons (20 per week) will be devoted to specialist English language tuition. With no more than 8 students to each teacher, the lessons will be suitable for a wide range of learners, from those who have no English to those who have already attained a reasonable standard. Students on RISE will learn to read and respond with thought to a variety of texts, express themselves in English and to write using academic vocabulary.

In addition to English, students on RISE will be able to build a bespoke curriculum based on the following set of subjects:

MATHS
SCIENCE
DESIGN TECHNOLOGY
ART AND DESIGN
ICT
GEOGRAPHY
HISTORY
BUSINESS & ECONOMICS

BOARDING RECEIVES THB 20 MILLION INVESTMENT

Work is now well-underway on a THB 20 million (USD 620,000) refurbishment of the boarding facilities at Regents and will be completed by the middle of August – just in time for the start of the RISE programme.

Made-to-measure beds, wardrobes, desks, bedside cabinets and shelving units are being constructed especially for the school.

A series of ‘common rooms’ or lounges, where the students spend time relaxing together, are being refitted with new kitchens, dining areas and soft furnishings. New televisions, microwaves and fridges in each common room will provide boarders with all their home comforts.

“The comfort and security of our boarders is our first concern. Parents trust us to look after their children when they are away from home and my residential staff and I take great pleasure in doing that to the very best of our ability. The renovation of the boarding houses is important, as part of our constant efforts to make Regents a happy and healthy environment for these students.”

Steve Rand, Head of Boarding

RISE TO BUILD ON OUTSTANDING TRACK RECORD

RISE may be a new programme at Regents, but it certainly won't be the first time we've welcomed a student into school for a single academic year. In August 2013, we were joined by 16 year old Antonia from Germany, who is just nearing the end of her three terms as a Year 12 boarder. Has she benefitted from the experience? Here's what her father has to say:

“My 16-year-old daughter, Antonia enjoyed a very rewarding academic year at Regents. She learnt much from the school's British and international education system and at the same time experienced Thai culture first-hand. Living in the school's boarding house allowed her to meet other young people from a wide range of nationalities and backgrounds. I would recommend the school to other parents.”
Dr. Rüdiger Koch, Germany
