

ST. ANDREWS

International School Bangkok

A NORD ANGLIA EDUCATION SCHOOL

St. Andrews International School, Bangkok: Child Protection Code of Conduct

I will:

1. Follow the St. Andrews International School Child Protection Code of Conduct and understand that its aims are in the best interests of staff and students. The well-being of our students is at the centre of this code and I will always use my professional judgement in any situation involving our students. If in doubt, I will seek advice from my Head of Phase.
2. Treat everyone with respect, patience, integrity, courtesy, dignity and consideration.
3. Be aware of best practice and consider the context of being alone with a student.
4. Always consider the emotional impact of my words and actions when working with students.
5. Maintain appropriate physical boundaries at all times and only have physical contact with students in ways that are age appropriate, public and non- sexual.
6. Follow specific guidance related to any At-Risk students as directed by Heads of Year/Year Leaders/Heads of Phase.
7. Comply with the mandatory reporting regulations of St. Andrews and with the St. Andrews' Child Protection Policy to report suspected child abuse. Refer to STA Disclosure Flowchart.
8. Cooperate fully in any investigation of abuse of a student.
9. Take part in both in-house Child Protection training and Nord Anglia Education's online Child Protection training.

I will not:

1. Touch or speak to a student in a sexual or other inappropriate manner.
2. Reveal personal information regarding sex, drugs or alcohol to a student.
3. Be under the influence of alcohol or illegal drugs at any time while responsible for students.
4. Inflict any physical or emotional abuse on a student.
5. Accept gifts from or give gifts to students without the knowledge of their parents or guardians.
6. Be 'friends' with a current student on Facebook or through another social network forum.
7. Engage in private communications with students via text messaging, personal e-mail, Facebook, Twitter or similar forms of electronic or social media.
8. Post images of students on personal social media. St. Andrews has a Facebook page, and teachers who would like to post pictures of events or news on the page should discuss this with their Head of Phase.
9. Meet students outside of school hours unless on official school business and after consultation with the Head of Phase and with written parental consent.
