

Well Child Policy

Primary School

If your child is sick, please inform the School Office or email your child's teacher directly. In order to prevent illnesses from spreading, we ask for your support to keep your child at home until they are well again.

To avoid any confusion, here are the definitions of a well child:

- ✓ A well child is not reliant on calpol, tempra or other cold/flu medicine.
- ✓ A well child is well enough to participate in school activities.
- ✓ A well child has a normal appetite.
- ✓ A well child is happy and sociable.
- ✓ A well child does not require greater staff ratio.
- ✓ A well child has normal bowel function.
