2023-2024

Our Vision

“Empowering & enriching lives for future success”

Our Mission

“Our mission is to create world class learning experiences that recognise and nurture empathetic, resilient and talented individuals.”

Our Values

Kindness, Honesty and Respect

Although it was tough, it was an educational experience where I learnt how to navigate using a compass and how to be patient. It was lots of fun and definitely worth all of the hard work and preparation.

We believe that a foreign school trip is an investment in your child's future and we offer a range of destinations, including Europe, Africa and North America. It can inspire them to pursue new interests and passions whilst also developing the skills they need to succeed in an increasingly globalised world.

Dear Parents,

At The British International School Abu Dhabi, we believe that education extends far beyond the classroom walls. That's why we offer our students the opportunity to participate in a wide variety of residential school trips – both within the UAE and beyond – where they can explore new cultures, learn new languages, and broaden their horizons. We understand that as a parent, you want your child to have the best possible education and life experiences. A residential school trip can provide just that.

When traveling abroad and immersing themselves in a foreign culture, students develop a deeper understanding and appreciation of the world around them. They gain valuable communication and problem-solving skills, as well as a sense of independence and confidence.

Our trips aim to offer action-packed experiences, that will challenge and inspire students of all ages. From hiking and rock climbing to rafting and skiing, we provide a wide range of exciting activities that will get students out of their comfort zones and into the great

outdoors. Experienced instructors will lead students and teach them essential outdoor skills. Along the way, students will learn about the environment and the importance of conservation, gaining a deeper appreciation for the natural world.

Our residential school trips are carefully planned to ensure that students have a safe and enjoyable experience. We work with reputable travel companies and local guides to provide a comprehensive itinerary that balances educational and cultural experiences with fun and relaxation.

We believe that a foreign school trip is an investment in your child's future and we offer a range of destinations, from Europe to North America. It can inspire them to pursue new interests and passions whilst also developing the skills they need to succeed in an increasingly globalised world. We encourage you to consider this opportunity for your child and look forward to answering any questions you may have.

I learned so many new skills in a short period of time that will help me later on in life.

BOOKING PROCESS

1. Open the Jotform link in the international and national residential trips email and fill in your child's details alongside your preferred trip(s). (Please note that there will be a vetting/application process for certain expeditions due to the challenging conditions and fitness requirements)
2. Once we have received your declaration of interest, an invoice will be uploaded to the BISAD app to allow you to pay the deposit within 7 days. You will receive an email notifying you of when the payment can be made.
 - a. **For trips with a limited number of places, we will operate a first-come, first-served policy when registering**
 - b. **Please note that your place on any trip is not confirmed until the deposit has been paid**
3. Once your place is confirmed, you will be contacted by the Trip Leader with further details regarding payment of the outstanding balance.
4. Please be aware that the deposits will secure the group airline ticket for the trip and, in some cases, to avail early bird discounts with third party providers. **If you are no longer able to attend the trip, the deposit will not be refunded.**

TRIPS WITH A SELECTION PROCESS -

BSME GAMES AND TREKKING EXPEDITIONS

BSME Games selection is based on ability within the sports featured in each of the events. Typically, these events are Football and Athletics (boys and girls), Netball (girls) and Volleyball (boys). There will be a trial process in the run up to each Games where any student is free to participate. The final decision is determined by the Director of Sport (Mr Ryan Baker).

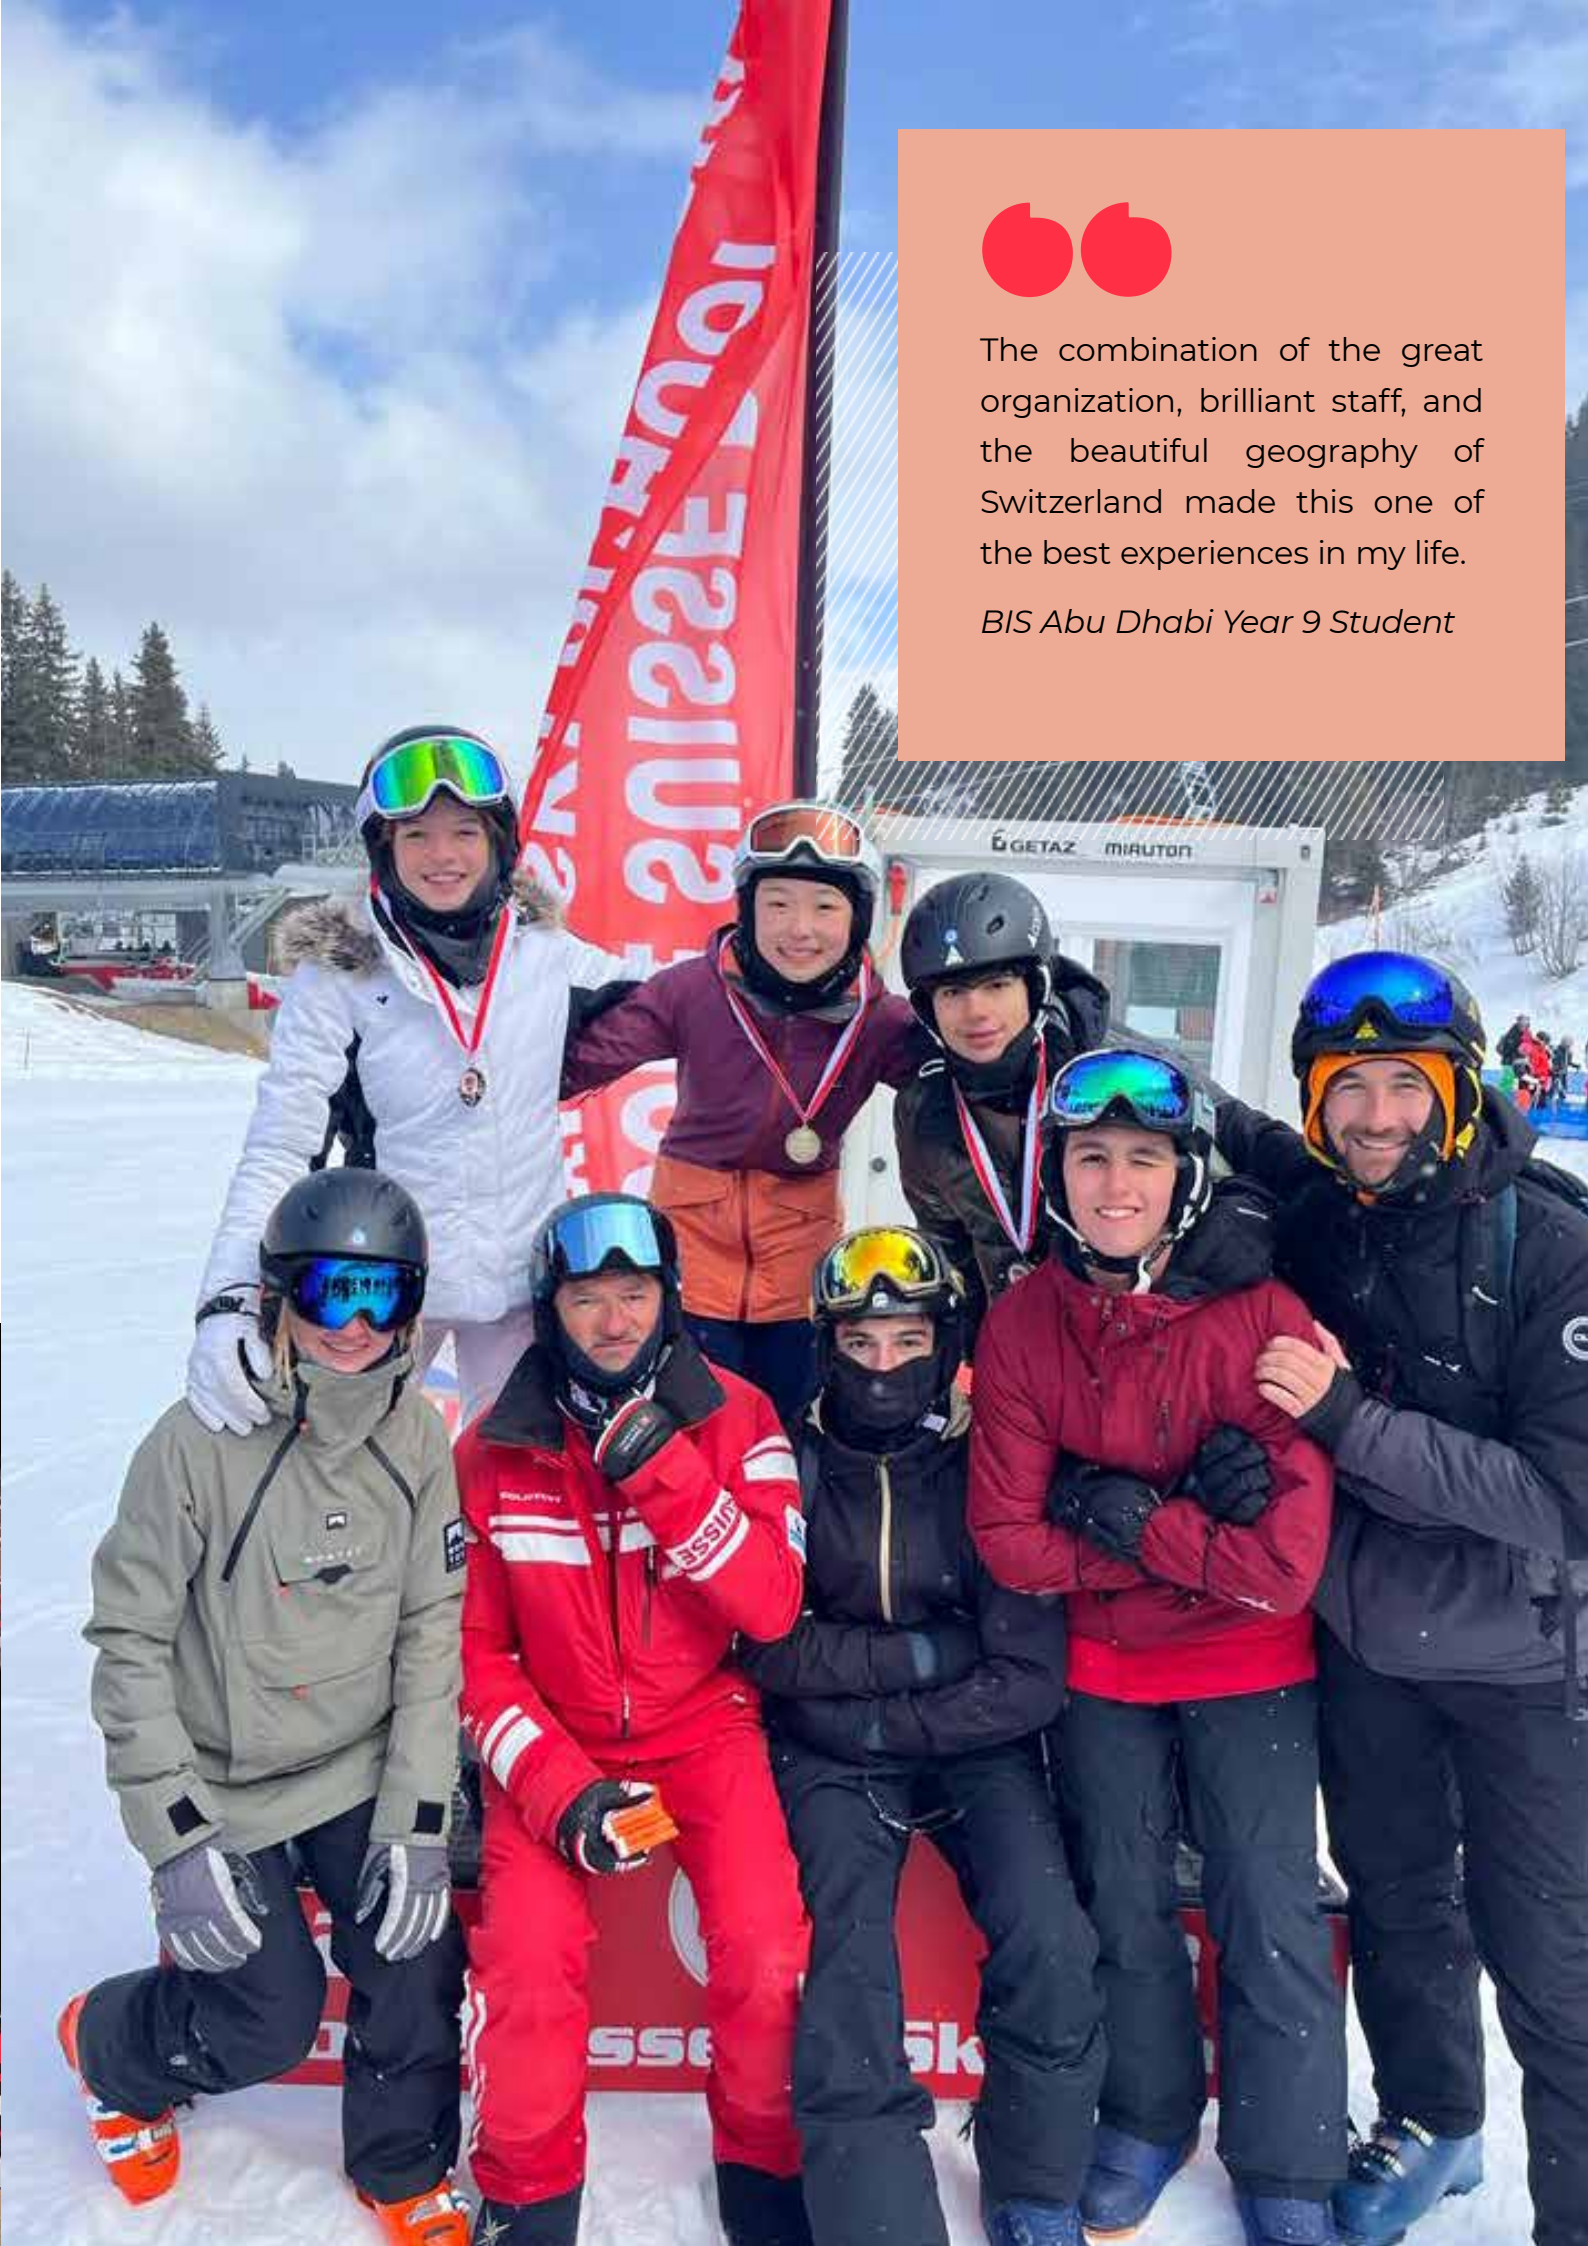

Trekking expeditions (in Tanzania and Switzerland) are particularly demanding and require a minimum level of fitness, resilience & commitment. We reserve the right to ask for a letter of application for these trips before offering a place.

Participants will be expected to sign up for the relevant CCA to prepare for the expeditions. If there is a clash, participants will be expected to develop their fitness in their own time. We reserve the right to withdraw a place on expeditions if the applicant has not demonstrated suitable progress.

IMPORTANT NOTE

All places on trips are subject to student behaviour and workload meeting the expected standards throughout the year.

The combination of the great organization, brilliant staff, and the beautiful geography of Switzerland made this one of the best experiences in my life.

LEARNING BEYOND THE CLASSROOM

Education is about much more than lessons and qualifications, important though they are. We offer our students experiences designed to be fun, challenging, inspiring, and motivating.

LES ELFES SKI TRIP - SWITZERLAND

Les Elfes is one of the most prestigious organisers of Winter Sports Holidays in the world offering a lively and enthusiastic approach to skiing and snowboarding in the stunning Swiss Alps. Whether a total beginner or an aspiring off-piste skier, all abilities are catered for. Alongside a full-day of ski or snowboard lessons, Les Elfes offers a full program of Apres-ski and evening activities with students able to choose from a range of activities including sledging, torchlight hike ice-skating and much more.

DUKE OF EDINBURGH INTERNATIONAL AWARD

ADVENTUROUS JOURNEYS

The Duke of Edinburgh's International Award is a prestigious program that aims to equip young people with essential life skills and experiences. One of the most exciting components of the award is the adventurous journey, which involves a multi-day outdoor expedition that tests participants' resilience, teamwork, and problem-solving abilities.

For this year's school trip, students will embark on a thrilling Duke of Edinburgh's Award adventurous journey, where they will be challenged both physically and mentally. The expedition will take place in the stunning mountains or deserts of the UAE, where students will have the opportunity to explore the beauty of nature while putting their outdoor skills to the test.

Over the course of the expedition, students will have to face a variety of challenges, from steep climbs to desert crossings. They will need to work together to overcome obstacles and reach their destination. Throughout the journey, they will also have to demonstrate their navigation skills and make decisions based on changing weather conditions and terrain.

In addition to the physical challenges, students will also have the opportunity to reflect on their experiences and develop important life skills. They will learn the value of teamwork, communication, and resilience in challenging situations. They will also develop their problem-solving abilities as they work together to overcome obstacles and achieve their goals.

Overall, the Duke of Edinburgh's Award adventurous journey is an unforgettable experience that will help students grow both personally and academically. It is a unique opportunity to explore the outdoors, challenge oneself, and develop important life skills that will serve them well in the future.

Please note - This activity is only applicable to students who have enrolled in the DofE International Award - see Mr. Givens for more information.

This is a fantastic opportunity for you to be ambitious and challenge yourself through a unique and highly enjoyable programme, designed to enable you to develop key skills such as confidence, resilience, independence and leadership.

Working with fellow NAE students from around the world, this experience will take you away from the beaten track, open your eyes to the world, cultures and people around you, while building lifelong friendships and memories.

NORD ANGLIA EDUCATION RUN TRIPS

SERVICE NORTHERN TANZANIA Y10 ONLY

On our expeditions, we work with Summits Africa on a number of service projects.

Summits Africa have been working to support the communities surrounding Lake Natron for many years, in order to make the project possible and ensure they will have a positive impact on the local community. Local staff, who work with Summits Africa and live in the communities that surround Lake Natron, will work with village officials to identify the needs of the community and assess how NAE students can work towards supporting these needs.

Observing and learning about the different culture and lifestyle of the Tanzanian people will always stay with me.

BIS Abu Dhabi Year 10 Student

These Projects can include:

Calculating Yield Size - To make the most efficient use of the space we have available we will need to calculate the potential yield sizes for each crop that we want to grow to ensure maximum yields are produced.

Drip Irrigation - We will be using drip irrigation systems to make most efficient use of the limited water supply. You will be building these and ensuring they are in the most efficient place to ensure all plants are watered!

Water Collection - pools and channels will need to be built and dug to collect as much water as possible and make most efficient use of it.

Planting and Harvesting of Crop - You could be building plant beds and planting seeds, and possibly harvesting crops that have been planted in previous years.
